Customer Reviews

Well written for a child's view point. Includes planning, safety and packing ideas. Simple, travel friendly (no big deal if it gets dirty or lost) list of supplies. Encourages use of imagination and creativity on everyone's part... including adults. Several activities make neat souvenirs. Our favorite is Live! From the Road - tape recording interviews throughout the trip... Fun way to document when you don't want to video tape folk's just sitting in the van or plane. Our older kids ham it up by making up songs and silly commercials. Great way to get "at the moment/in their own words" thoughts of younger kids who can't write/draw well yet. We make up our own 50s style radio shows including sound effects or news broadcasts with breaking events, etc.
