Customer Reviews

This is a very cute coloring book. I made up packets for a pony show for lead line awards and it had markers and these books in them for treats for all of the entries. The kids seemed to be thrilled with them. I liked the drawings inside myself! Very cute.

We gave this to a 6 years old girl who loves Horses, her mom said it was perfect and it made her practice her readings skills!

I bought this for my three year old who loves horses. She has completed the whole book either with crayons or water color paints. There's a simple sentence at the bottom of each page. Pictures nicely drawn. Just what I was looking for. Stickers were a bonus.

Recipients in Afghanistan who received this coloring book were impressed as everyone loves animals and brings back pleasant memories. They were pleasantly surprised as did not know adult coloring books existed.

My granddaughters love this! Nice stickers, nice illustrations. Hours of fun. That's all I've got to say, blah, blah, blah.

I would have preferred to know the size of the sticker book so I wouldn't be expecting a larger version. The stickers are very nice and will be used as a stocking stuffer for my granddaughter.

Wish it had more stickers but if your kiddo likes horses then it's a really nice little book. The stickers are small too.

This is a loveable book for kids. The text is easy to read, the illustrations are loveable. And you can COLOR it!
