Customer Reviews

I love BMO; he's probably my most favorite character in the series. He's like part best friend and part retro gaming system and then some. And now we get a look inside his database to get the dirt on (almost) all your favorite "Adventure Time" characters from Finn and Jake to slightly lesser known characters, too. Each description shows what they are, their strengths, their weaknesses, their secrets, too. But still, there are some characters that are missing such as Fionna the Human and Cake the Cat and that host of those "Five Short Graybles" whose name I can't remember. So if you want the info on these crazy, colorful characters the phenomenal Cartoon Network hit has to offer, you'd be surprised.

Beemo is the most adorable little gaming system ever, and "it's" interpretation of everyone in Ooo (including the bad guys/villans/Lich) is so cute, funny, and awesome!

It was funny and explained so many books. Make a sequel please. I would want more characters

but over all its a great book.
