Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

This book is large and looks like a scrapbook. It is put together like a scrapbook done by someone who goes to East High School. Book can be enjoyed in many ways, one of which would be to cut it apart and decorate a bedroom with it. Chock full of memorabilia, just like what kids collect--ticket stubs, notes in lockers, awards, recipes, etc. Something a little different to give as a gift for the HSM fan in your life.

My wife and I purchased the "High School Musical: All Access" book for our grade-school age daughter, and she absolutely loves it! There are lots of fun, interactive activities, photos, games, stories and cute extras and mementos from the movie. They are all family appropriate. Highly recommended!

This is great for kids. It gets their imaginations flowing with the hands-on flaps and cute notes from the "stars". My favorite is the locker page: open the lockers and see what the inside of Sharpay's or Troy's locker looks like...it keeps them busy for hours!

For a used book with many inserts, it was very nice still. It had all the inserts, and although it had some writings in the notepad and the stickers were on a piece of paper, it was very nicely given.

I ordered this book on August 27, 2016 and got it a day early, September 1, 2016! I wasn't expecting it until tomorrow, September 2nd so I was excited about that but what I was most excited about was that it was in perfect condition! No rips, tears, and best of all nothing missing! I collect HSM stuff so I was very, very pleased. Can't recommend enough!! Thank you!!

I purchased this at my daughter's suggestion for one of my granddaughter's! She was ecstatic on Christmas morning - rattled on about how several of her friends had it and we had to tell her to put it aside for later when it was her turn to open another gift! She's a high school musical junkie so it was a perfect purchase for her.

I bought this book for my niece for Christmas who is a huge High School Musical fan. She loved it! My 11-year-old son peaked at it when it arrived it and thought it was really neat, too. I was a bit surprised when I first saw the price but upon closer inspection found it to be very good quality. Definitely worth the \$.

My daughter had a "High School Musical" birthday party when she recently turned 8 years old. I came across this book on .com and liked the fact that I could actually take a sneak peak inside before deciding to purchase. Very cute, and the price was something I couldn't pass up. When my daughter had a chance to take her time looking at the book for the first time she became so excited with all the surprises inside. It was one surprise after another, and even I didn't realize how nice the book was going to be until I actually saw more of it when she showed it to me. You won't be disappointed with this purchase. You will be so pleased with getting so much - for so little. A great purchase for sure - for your High School Musical fan. All Access
