The recipient is a huge fan of Mr. Rogers and she found this informative and very interesting. She is an adult but volunteers at a library and has many young relatives, so I thought she would enjoy reading it to younger folks. This is a great series and this is one of the better-written and more interesting books.

love this man and love this book and I also love the man who WROTE this book--George Edward Stanley--a wonderful writer who has written hundreds of books! As a kid, I always loved Mr. Rogers so I was thrilled to find this bio....

MR. ROGERS is a great biography on Mr. Rogers. It tells some very important events though out Fred McFeely Rogers's life. From when he was born March 20, 1928, in Latrobe, Pennsylvania to

when he died from cancer on February 27, 2003. When Freddie Rogers was in the hospital as a baby they found out that Freddie had respiratory problems and was sick most of his life. When he was sick he found a hobby of making puppets. He crated many of his friends thought pre-school and high school. Freddie wanted to be many things through out his life some of them included a writer and a preacher. I liked this book because it had a lot of information on Mr. Rogers and his life. Mr. Rogers enjoyed everyone company.

This is a great series. My kids and I both love it! It is often hard to find stories of the childhood of Fred Rogers, but this book definitely has them! It gives a fuller context and meaning to the lift and work of Fred Rogers as an adult. A must read!

Well researched and written account of the greatest treasure and hero of American children. As far as Mister Rogers was concerned - it was all about the children and he put so much effort and care into producing what those children needed to hear (and still need to hear.) It is incredible that our PBS stations are such morons that they think children need all the cartoon figures and unrealistic programs (kindergarten teachers are not talking dogs, dragons, transforming anythings, or whatever other horrible stuff that passes as programming for young children.) What they really need is to feel good about themselves and hear that gentle voice of reassurance helping them deal with life. Come to think of it - what is what we all need to hear!

The book arrived promptly and in the condition which was stated as either good or very good. Glad to get it and have it to read to my grandson!
