The Story Of The Incredible Hulk (DK Readers, Level 4)

Synopsis

During an act of heroism, a mild-mannered doctor was injured by a gamma bomb and transformed into a terrifying green monster with superhuman strength. The Hulk is relentlessly pursued by the military, and tormented by his own conflicted identity. Young readers will be enthralled by this tale of the origins of a remarkable superhero in *The Story of the Incredible Hulk*.

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

The entertainment value of this basic summary of the Incredible Hulk's story in Marvel Comics is high, and should certainly capture the attention of the proficient young readers. It's quite literate with good vocabulary for the reading level. Importantly, though it's fun. While conveying the spirit of the comic book character, Teitelbaum brings in related bits of information aimed at increasing the young reader's knowledge while stimulating youthful curiosity into learning more about the Hulk's literary predecessors, about early concerns about nuclear energy, about the cold war and its anxieties, about the fields of scientific research along with other topics. The emphasis though is on entertainment which is what should draw the young readers into reading it, strengthening reading skills and expanding their knowledge at the same time.

this was a gift for my grandson and of course he loved it. I want him to read more and learn to love books of every type and expand his mind.

Book was in good condition
