Customer Reviews

I purchased this book for my 6 year old grandson and I had a wonderful time with it as well. I am now going to purchase one for myself. I am delighted with this maze puzzle book which is all in color and full of surprises!

This maze book is wonderful. My 4-year old LOVES mazes and had a great time with this book.

My daughter is only four but all the mazes she does are recommended for children aged seven to ten. She is certainly not doing aged seven to ten math or reading or anything else so I am suspicious of maze age recommendations. Anyway, in my opinion, these mazes are great for ages four to six. They are colorful and fun, but not too difficult. I think the average maze in this book takes my four-year-old two minutes to complete. I want her to slow down a little and keep her pencil inside the lines but she likes to solve it as fast as possible. They really are fun designs so I make sure we talk about the design before she flips the page to quickly solve the next one.

Keeps the preschool aged kids interested. Children over eight may find it too easy or boring and could lose interest in it quickly. But a good book to have on hand for sure. SC-RG
