This is a book all about the popular band \*nync. they include how they got started, what's an everyday routine for them, bio's and several pages of their life story. they used a lot of quotes from when they were performing in Disney land (which if you have seen as much as I have...nothing new) personally I enjoyed the baby pictures of the guys. they have family pictures and a picture of when Justin was at the tender age of 14 (I laughed because they have changed so much) Several up-to-date pic's as well. you will probably enjoy this book!

I expected an official book to be a lengthy chapter book- but this had more information than it looked! plus cool colorful pics on each page. Of course this book covers their lives up to their debut album in '98, so of course its not exactly up-to-date anymore, but its cool to have. It has a section about each member that has some interesting info and old baby pics! There's a section about their

most embarrassing moments, which is always cool, and funny to hear about! Plus much more!

This book is really great. It gives information I didn't know...right from the guys themselves. There are a ton of pictures I have never seen before...and believe me, I have seen a lot. It has backstage pics, concerts and photo shoots. Each guy has his own section with lots of quotes and cute baby pics. I like the embarrassing stuff. Some of it I have heard of, but some I haven't. thanx!!!

I am an obsessed \*Nsync fan and bought this book a few years ago. I still read and have read it numerous times. It has baby pictures of the cuties and shows pictures of \*Nsync when they just started singing. It has lots of info and is actually written partially by \*Nsync, unlike most of the other books.

Hello, I think this book is awesome. It is grate. My mommy lic's it tooo. se reeds it to me win i go tu bed at nite. I dont eet meet! I am a vegitran. Well that is wat my mommy says anyway.

I just got this book today, and I've read almost all of it; it couldn't put it down! It was great to read about how 'N Sync got together, a wonderful story. Also the different sections on each of the group members were amazing, mostly because we got to hear what their parents thought of their son's success. But, I have to say, my favorite section was the "most embarrassing moments" one. POOR JUSTIN, he tells about breaking his thumb during a performance. Anyways, it's a well-written biography that lets us know what's going on with \*N Sync outside of the public eye.

This book was awesome! I have read it several times, and I never get tired of it. Everything in it is obviously true (unlike the unauthorized books). The pictures are great and just all of the information is great. 'N Sync did an awesome job of putting it together. Any 'N Sync fan should get this, I definitely recommend it. Even if you don't like 'N Sync that much, or your a new fan, I recommend you get it so you can learn more about these five hot guys! Later days - Jessica

I TOTALLY LOVE \*NSYNC AND I'M REALLY GLAD THAT MY FRIEND GOT ME THIS BOOK FOR CHRISTMAS! THEY KNOW HOW OBSESSED I AM WITH \*NSYNC AND HE THINKS THAT I'M CRAZY, BUT HEY, I CAN STILL DREAM! I TOTALLY LOVED THE PIX'S OF J.C., LANCE, AND JUSTIN! I REALLY LOVE ALL THREE OF THEM! I THINK THE EMBARRASSING MOMENTS WERE PRETTY BAD, THOUGH! I WAS LAUGHING REALLY HARD AT THE INCIDENTS THAT

HAPPENED TO J.C. AND LANCE! THOSE WERE FUNNY, BUT I FEEL SORRY FOR THEM!
