My son, 3yrs old, loves Wizard of Oz. This book, like others, has the buttons down the right hand side, but unlike others has the lyrics and extended songs (not just sound-bites). We sing every night with this book. It's not CD quality music, but my son loves it!

This book is wonderful for any Wizard of Oz fan. It's more of a lyric book, than a story book. I got it for my one year old daughter, and she was thrilled! She still reads this book, and she's about to turn 5. The pictures are nice and the songs are tuneful (when you press the button, you hear the music to the songs but not any words. The words to each song are printed on the page). My only complaint is that you have to listen to the entire song after you press the button. You can't turn it off!

Vintage, Play-a-Song present Songs From The Wizard of Oz. Press the buttons on the Play-a-Song board and sing along with the music from the original movie. This song book is a special collector's edition for Wizard of Oz fans everywhere. Songs from the Wizard of Oz motion picture will probably endure in people's memories for decades yet to come. Beautiful illustration with photo stills from the original movie.

This was the surprise Christmas favorite of 2001. I bought it almost as an afterthought for my 3-year

old who likes the Wizard of Oz movie. She ADORES this book and asks for it frequently as a bedtime story. She has learned the words to almost every song. What fun!

The songs are fun and easy to sing along with. The buttons are easy enough for the kids to push and they match up pictures with the songs.
