# Who Is Michelle Obama? (Who Was...?)

## **Synopsis**

Born into a close knit family in Chicago, Michelle Robinson was a star student who graduated from Princeton and Harvard Law. Then in 1992, she married another promising young lawyer and the rest, as they say, is history. It is undeniable that President Barack Obama has changed the United States but so has Michelle Obama, the self proclaimed "Mom in Chief." This compelling, easy-to-read biography is illustrated by New Yorker artist John O'Brien.

Young and old will enjoy this informative biography about Mrs. Obama and a nice assortment of other first ladies of the U.S. A must-read for school children. Very good detail of her experiences in Princeton and how she handled her courtship with the future president. Young ladies will learn a thing or three about self-respect, education, and helping others when reading this bookWho Is Michelle Obama? (Who Was...?).

Love this entire series of books and plan to purchase many more. Is written to be education and informative to the younger reader. Writer gives enough detail to highlight the persons life by doesn't drag the facts out with a lot unnecessary adjectives.

I discovered this series when looking for books for a 3rd grade teacher who teaches informational text in a urban elementary school. The students loved this series, especially the girls. Very well received by the teacher and students.

I read this little book and learned so much about First Lady Michelle Obama. After reading it, I gave it to my granddaughter for her 8th birthday, I wanted to inspire her; as Mrs. Obama is an awesome First Lady, one to be admired!!!SMS, Raleigh, NC

Your product was everything you advertise. I will be re-ordering products of this kind again. I have a President Obama Collection and this item will go very well with my collection. Thank you again, a well satisfied customer.

Smaller than I thought it would be and the paper was not great quality but I really should not expect more for the price I paid.
