Lift-the-Flap Computers And Coding - IR

Synopsis

An interactive introduction to information and communication technology, which explains what goes on inside computers to make them do what they do. With lots of flaps to lift and look beneath, fact-hungry children will devour the fascinating data contained in this bright and engaging non-fiction book. A return to the days when Usborne was a market-leader in computer books for children. Many of today's tech professionals were inspired by Usborne's coding books from the 1980s.

Book Information

Age Range: 3 and up

Series: Lift-the-Flap Board Books
