Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

My kid has really enjoyed looking through this book. It is colorful and full of fun facts and information to help the reader complete eighteen Poptropica Islands like Astro-Knights, Wimpy Wonderland, Cryptids, Great Pumpkin, Mythology, etc.

I bought this for my 11-year-old daughter. She has been playing Poptropica for over a year now and have been stuck on several levels for quite a while. She was in heaven with this purchase. It let her get past the difficult levels and continue playing.

My son really enjoyed this guide to Poptropica. The included poster is now hanging on his bedroom wall. He loved having all the information about the game in one place, easily organized for quick reference.

daughter wanted this for christmas and she has loved it! Wonderfully written and colorfully illustrated. A must have for all Poptropica gamers

My son wanted this book for a while and he just loves it! It shows him how to get to certain areas that he would have never figured out how to do. Both my kids (one girl 11 and son 10) have alot of fun on this website. It's nice to have a good clean site without any worries.

Tried to find this item for my son, this was the only web site that I could find, received item and my son was soooooo excited thankyou for your quick and efficient service...

My son is 8 (got this guide when he was 7) and has read this guide many times over. He likes to go on the computer and play Poptopica. He says that this guide is not as helpful for the Nintendo DS game but loves it for the computer version. This guide gives you step by step directions/tips on how to beat some of the worlds.

Purchased it for my 9 year old as a gift and she loves it. She's constantly reading it for helpful hints. Great buy and happy kid!
