The Everything Kids' Online Book: E-mail, Pen Pals, Live Chats, Home Pages, Family Trees, Homework And Much More!

Synopsis

Kids are going online as soon as they are old enough to hold a mouse, and this is the book they need to guide them quickly -- and safely -- on the information superhighway. The Everything Kids' Online Book covers everything, from just what exactly the Internet is to how to create their own home page -- and all things in between! Searching secrets and chat room tips are here, as well as information about over 70 of the coolest kid Web sites in cyberspace today.

Customer Reviews

A good overview of the internet written in a straight-forward easy to read manner. The book starts by giving a brief description and history of the internet and includes a chapter of kid-friendly web-site addresses (and descriptions), the basics of determining whether a site is worthwhile or not, email and netiquette basics and some hints for parents. I would recommend this book for children AND adults who are interested in learning to use the Internet.
