Customer Reviews

This book was 'truly awesomely amazing', the Elementia Chronicles, is exceptionally good. Though

I would not recommend for under the age of 10, because it describes the violence very, shall I say, explicitly. It is a very good read though. Quite a page turner. A bit unrealistic, but books like these usually are. Keeps you on the edge of your seat. I love Minecraft, no i'm obsessed with Minecraft! So when I saw this, I had to get it. I recommend for anyone 10 and up. Even a great read for adults. I also strongly recommend to Minecraft lovers. Overall: a great read, pretty highly recommended, no illustrations, nosy characters and also a bit violent. But as I said before; I highly recommend and have a great day. And if you're a child reading this, Roses are red, violets are blue, get of your device, you've got homework to do :).

I am so pleased with this book. My 9 year old son is above his grade level for reading and it's been very difficult to find books in his lexile with appropriate content. This book is perfect for him. The content of the book is appropriate and captures his attention (he's obsessed with Minecraft!) and with a lexile of 1,000 it satisfies his requirements at school! We have already purchased the rest of the books in the series!

I am the type of person that LOVES action and adventure, and all of you fellow ME's out there will absolutely LOVE this book. I bought this book about 2 weeks ago. I am generally a slow reader, but sure enough it pulled me in and just like the last one, I finished it in a short week! It is very well laid out. There isn't really any of those things out of nowhere that don't fit with the story. It goes between different events, points of view, and settings instead of being completely centered around one person with each chapter which I like, and for a minecraft fan, I enjoyed how it almost mixes minecraft and reality instead of just minecraft. You don't even have to know minecraft super well to enjoy these books. WORTH THE 10 BUCKS!

This book is very well written and has wonderfully fleshed out characters. here are the pros and cons
PROS Good Story Good chracters Good Morals Great action sequences.
CONS The Traitor is predictble Caesar is a stupid villain (Lord Tenebis is awesome) A complete revival of a previously dead character with no explanation. All together this book is a nice casual read and If you are a minecraft fan this book is for you. Dr. McSwaggerboss sighing out.

Packaged well son loved the book! Couldn't put it down the first couple of days. Anything with Minecraft is always a winner! It is quite big and is made very well I'm goo it is quite big and is made very well. The binding to the book has held up. No rips no tears and my boys are not so gentle with

their books . Fast shipment . Good quality recommend to all!

Wow! This Minecraft inspired trilogy has really got me hooked! Sean Fay Wolfe has demonstrated a great knack for storytelling and suspense building with the second installment of his series The Elementia Chronicles, The New Order. You can read the full review here: (...)

My kids couldn't enjoy reading the book. Some of the words were cut off the pages. If you open the book too wide, it seems like the pages were going to fall out. Had to return it. Was going to get the Kindle version, but it was even more expensive than the book.

My 11 year old son loves this series. The only problem is when you hit page 400, the next page is page 65, restating what has already been said until page 98, then carrying on at page 433. It skipped 33 pages near the end of the book, therefore my son couldn't read the most important part. He said he was nearing the climax. If anyone else has had this problem please say so.
