Pretty pictures but dates are printed too small and faint to see across the room so I traced over the dates. Width is smaller than every previous wall calendar I've used in my wooden wall calendar frame so cardboard strip had to be placed along one side to keep it from falling out of the frame. I'm okay with making the modifications since the quilt designs are so pretty.

The quilts are all beautiful and the cover quilt is absolutely stunning. I will enjoy seeing the different quilts next year. I have bought quilting books and other calendar published by That Patchwork Place and they are quality!!

I am absolutely blown away by the quality of the quilts displayed in this calendar! Admittedly I was a bit tipsy when I bought it, but it was the cheapest calendar at the time of purchase that had prime

shipping. And while I was a bit hesitant at first, I've since grown to love changing the months to find out which beautiful award-winning quilt I'll get to experience for the next month. 12/12. Will probably purchase for next year as well.

Gave this as a gift, she loved it. She said she loves the artwork and the quality. As a quilter, she says she loves the inspiration the designs give her as well.

I enjoy spending a month looking at each quilt. The annual winners always inspire me, make me consider trying new ideas.

Wonderful quilt photos from the best of the Houston Quilt Festival. Nice quality paper and good detail.

Very attractive geometrical artwork; they kind of transcend the definition of quilts.

Very nice quilt calendar, but wish I had realized it was for 2015!
