The Quilting block & pattern a day calender is exactly as it is advertised. But it wasn't as I thought..I should give it. 5 stars because it is exactly as shown but I read it as a block a day which is what I was looking for. So next December if you are looking for a block calender with patterns every few days this is the one for you. It does need to be opened carefully for it to stand up properly. No other issues noted.

I have a friend who is a quilter and I get a quilting calendar every year but every year they're getting harder to find at stores so when I saw this I jumped at it. I got it fast and I know the woman I am giving this to as a Xmas gift will love it too.

I buy this calendar every year for two friends and myself. I find it interesting to see different quilts every few days. I don't do as much quilting as I did at one time, but it is always nice to dream about

my next project, and this calendar gives me many ideas.

I am a quilter. Buy this every year. Love the patterns and new pictures everyday. Wish the box was sturdier for a whole years use.

this had lots of patterns and ideas, a fun start to each day! I bought several for gifts for Christmas.

I gave this as a gift and it was well received. I plan on ordering two of the 2015 calendar, one for me and one as a gift again. What's better for daily inspiration for your quilting hobby.

I bought this calendar as a gift for a quilting friend. I have enjoyed a similar one in the past. It is fun to see what new ideas and inspirations each day brings.

I can tell this little gem will keep me busy for a long time to come - almost overwhelmingly so! Tons, tons, tons of new things to learn and new projects to try!!
