Customer Reviews

Love Fandex products. I have had one on the Presidents that have used for years. In fact, my grandson wanted to know if he could have it and I told him "no" because I couldn't bear to be without it. That's how much I use these things. I got the Shakespeare and the Presidents for my grandchildren and they have truly used and enjoyed both of them. The Shakespeare has all of his works and they are identified as historical, tragedy, or comedy. There are synopses of each play

and famous lines from them as well. This is a helpful tool for someone studying Shakespeare but also is a handy for the everyday discussion of Shakespeare and how his plays have effected our lives. I highly recommend this for anyone interested in the "Bard."

good resource

I bought this for my sister who just finished a Teacher Education Program. She will be teaching high school, and I thought this would be a fun gift for her program completion. We have other Fandexes and really enjoy them.
