Customer Reviews

I bought this book for my son for his 9th birthday. He loves to write, but is sometimes stumped when it comes to picking a subject to write about. This book solves that problem by offering writing prompts - What would you do as world leader? What kinds of things do you and your friends like to do? Not all the pages involve paragraph writing, on one you simply draw a diagram of your bedroom, and others are presented in a fill-in-the blank format. The designs are colorful, but not childish, and the paper feels thick and heavy duty. The book comes with stickers so you can seal up each page once you're finished. I really love the sweetness of this book, and I'm looking forward to opening up the letters with my son in 10 or 20 years so we can revisit the 9-year old him.

This just might be the cutest gift ever for a budding writer.
