## Customer Reviews

I bought this book for my daughter who needed to do a book report on a biography. It was perfect for her project. It contained enough detail to be interesting, but not too much, so it still kept it at a third-grade level.

Great read for getting to know more history about our greatest Founding Father.

My son read this book for a summer reading project and enjoyed it.

Very informative and is a good book for children.

My 9 year old LOVES all these I Am books!
