Who Is Hillary Clinton? (Who Was...?)

Synopsis

Who Is Hillary Clinton? Readers of our New York Times best-selling series can find out now! At age fourteen, Hillary Clinton thought it would be thrilling to become an astronaut, so she sent an application to NASA. The reply was a flat out rejection: the space program didn't take women. It was a critical moment for the young girl, one that made her realize the world she lived in needed changing and that she had better try to make those changes happen. Clinton's life has been a thrilling series of firsts—First Lady of the US, then first First Lady to become a US Senator, Secretary of State, and possibly the first woman to run as the Democratic candidate for President. This easy-to-read biography gives readers a firm grounding not only in Clinton's life history but the history of the times in which she's lived. It comes out as she makes her historic run for the White House.

Excellent introduction to Hillary for any young reader. Surprisingly even handed and, while generally positive for Hillary, it also covers her failed healthcare initiative during Bill Clinton's presidency, her ill advised vote for the Iraq War and her loss to Obama in 2008. Lots of related overviews including one on Eleanor Roosevelt, The Great Depression and other woman who have run for president (who knew that several woman ran in the late 1800's?).

I talk to my kids about politics and I try to be fair, although I do have a bias. What I like about this book is that it was positive and honest in an age appropriate manner. HRC is an exceptional person, that is clear in the book. But the book also hits on her failures and the impeachment of her husband. There is enough information to have a conversation but not presented in a sleazy way that would be inappropriate for children or biased.

Who is Hillary Clinton? (based on Hillary's actual statements) A woman who was named after Sir Edmund Hillary. OOOOPS! NOT TRUE! All her grandparents were immigrants. OOOPS! NOT TRUE! She tried to join the Marines in the 1970s. OOOPS! NOT TRUE! Her husband "never had sex with that woman" OOOPS! NOT TRUE! There is always a vast right wing conspiracy against her OOOPS NOT TRUE! She arrived in Bosnia under sniper fire. OOOPS! NOT TRUE! She was dead broke when she left the White House OOOPS! NOT TRUE! She has always supported same sex (gay) marriage. OOOPS! NOT TRUE! Her campaign will go Carbon Neutral (flies 20 miles on a private jet) OOOPS! NOT TRUE! She told mothers whose sons were killed in Libya that the Benghazi slaughter was caused by a video. OOOPS! NOT TRUE! She turned all her emails from the State Department over to the FBI. OOOPS! VERY NOT TRUE! The FBI says she was being truthful. OOOPS! VERY NOT TRUE! She has a "long list of accomplishments as Secretary of State".....(name them) OOOPS! NOT TRUE! Her Clinton Foundation is a Charity..... and not a Pay to Play Slush Fund REALLY? Read or Watch "CLINTON CASH"! Teacher, I could go on and on... her mentor was Senator Robert Byrd (klu Klux Klanner), her dissertation was on Saul Alinsky "Rules for Radicals" who she greatly admired, Whitewater, Cattle Futures, Castle Grande, Jennifer Flowers, Travelgate, Removal of Vince Foster Documents and much more.: And finally from Barack Obama who said and I quote: "Hillary Clinton will say anything and change nothing."

I like this book so much but there is one tiny glitch in this book. The author didn't include everything that happened in her life. I not saying that this book doesn't have detail its just that the author didn't include some important details. But I would definitely recommend this book. Written by a 9 year old

My daughter read it straight through tonight - then went right on to the What Is the Olympics. That's the summer of 2016 in a nutshell.

My 8 year old is enjoying reading this book. I really like this series, very educational.

I buy presidential related books for my grandson, He practically memorizes them
