Customer Reviews

For a number of years now, I have bought the Arizona Highways Scenic Wall Calendar, one for myself, and one for a friend of mine. The photography is the best you'll ever see, and the choices of subject matter give one the opportunity to enjoy views one will never have a chance to see by simply driving through the state. I wouldn't want to be without it. The daily squares are large enough to record appointments and other reminders in a readable manner. The only thing I don't like is, they don't indicate the beginning and ending of Daylight Savings, since Arizona doesn't observe it. Actually, they do observe it on federal land...the Indian reservations. I highly recommend it to anyone who loves desert and mountain scenery.

I am not pleased with the selection of photos which are not Arizona specific looking. There are several photos which look like they could be in many parts of the country. With all of the beauty Arizona has to offer I was surprised to see the selections that were made for this. I should have checked it out more thoroughly before purchase.

Arizona Highways 2015 Scenic Wall Calendar has great pictures for every month. Great gift for those who have everything and are to get gifts for.

Numbers could have been a little darker to increase visibility from a distance.

Great calendar. Beautiful photos and plenty of room to write appointments etc.

The calendar was what I expected, but it came with two bent corners.

A great calendar for my office. Quality photography.

This is the best calendar ever -a regular purchase.
