Customer Reviews

I did not like this word search book at all. I do these types of puzzle books daily and this one was a waste. Small, hard to see words, limited puzzles to do and just boring. For me, I would not suggest anyone purchasing this if you enjoy word search puzzles regularly

Just got this puzzle book yesterday that I bought for a Christmas gift for my 12 year old daughter. I found that it is very educational besides being a good puzzle book to work on for the brain, and memory function. It looks like it is well worth the money. The size of this puzzle book is like the size of a regular paperback book. The words are small, but not super small. All in all this puzzle book is a nice investment..

Nice puzzles with trivia about the presidents in the word lists! Just FYI though the size of the print of the word lists is VERY small! The size of the letters in the puzzles themselves is a decent size.

I prefer the KAPPA Woman's Day Word Finds Puzzle Books. It seems like this and the one about states are more for young children not adults. I read that in the reviews but wanted to check it out anyway. There are some good facts that you can learn so it's not all bad. These are much small wording and would not be good for older people who have sight issues.

Great book of puzzles for anyone. I purchased it for mom. She loved it and worked every page. Had mom's Alzheimers not gone one step further, I would have purchased more.

My daughter loves this book. Challenging but ok for a 7 year old child. We also bought the following book together": <http://amzn.to/1LdX7Dy>Cheers!
