Customer Reviews

I use this a part of my homeschooling supplement and fun for my 10 year old daughter. She makes some pretty hilarious stories up. I loved these as a kid and I'm so glad my daughter finds them enjoyable, useful and fun during her free time while not "schooling!"

The stories are a page long, which is a perfect length. They relate well to the movies so it's a lot of fun for the kids to change up the well known Frozen story. Used with a 6.5 year old. She loves Mad-Libs!

My girls love Mad Libs. After buying the Diary of a Wimpy kid Mad Libs, I decided to try the Frozen book because it was priced well. Totally worth the money. Easy for kids and adults to do together.

Frozen PLUS Mad Libs. What could be bad? Purchased as a gift for granddaughters who are learning what the parts of speech are so we can fill in the blanks. Made a nice small gift.

Got my kids into madlibs since it encourages literacy. They are obsessed the same way I was. :)

I am trying to work on parts of speech with my daughter who is also obsessed with Frozen so this is great. I know that mad libs are supposed to be fun but they are actually educational some times

Fun! I love playing Mad Libs with my 6 year old. I like this one better than the one that just has pictures instead of parts of speech. Silly and educational. Great for car trips. I

Fun book that does help get kids to read in a fun way. If your girl likes Frozen she will love to read with this book.
