## Customer Reviews

The title of the book is exactly what you get! This book is about the size of a 4 X 6 photograph so it is little. There are two pages to color for each letter in the Spanish alphabet. The pictures are very basic in design but can be hard to comprehend. The back of the book has a Spanish-English word list which is helpful to understand the picture especially if you are just learning Spanish. I would recommend this book if you need a party favor or a fun treat!

This book is sooo small (about the size of an adult hand). Too small to comfortably color in. I think I am going to cut out the pages and turn them into flashcards. I wish I had saved my money! I am not returning it because it is not worth the postage it will cost.

Purchased for 4 yr old granddaughter living in Mexico with her parents. She speaks English at home but with grandparent, aunts, uncles, cousins and in school speak Spanish. Excellent and fun tool for bi-lingual speaking children.

The "Little" Dover coloring books are small; the standard sized coloring books usually cost \$3-5. I have always been impressed by Dover's books. This one is exactly what I wanted. A simple, small book just to review the alphabet. My son likes it, and the pictures are cute and simple.

I was looking for and spanish alphabet we do have like 4 extra letters on it and this little book have them all, i'll have to photo copy it so both of my bbs can enjoy it

I purchased this book for a little girl in Colombia, South America that I sponsor. I really think she will love it and I think it will help her learn.

But this book was much smaller than I expected! The children I gave them to loved them and that is what matters!

This was a great little coloring book but it is the quarter of the size than your standard coloring book, FYI
