I bought it for my children and almost wished I had one for myself! It gives you so much information on these cute little characters. It's very creative.

I had this book when i was a kid but it got thrown away. Ordering it was a nice way to revisit some good memories. The only downside is that some of the info is slightly off/ made up. For example on page 37 in Pikachu's description it says "Pikachu do not like to be inside Poke Balls". This is a generalized statement based off of the fact that Ash's pikachu doesn't like to be in his poke ball. This is also the case with the surfing pikachu ash and the gang meet during season 1 of the tv show. Slight discrepancies like this are common throughout the book. That is the only downside to this book, otherwise its very interesting and also worth the money.

A little beat up, but it's still in pretty good condition. It's awesome to have a piece of childhood back! This is my first copy of the red pokemon book. (I always had the green 151 edition)I look forward to using it as an additional prop for cosplay while playing Pokemon Go!

If you're a Pokemon fan, whether you play the game or watch the cartoon, you must have this book! It is a complete catalogue of all 150 Pokemon, with pictures, descriptions and advice on their fighting techniques. My daughter will not be parted from her copy of this book, bringing it to bed with her every night.

I really liked this book it definately helped me to learn the names of the pokemon. The only bad thing about it is in the book it mentions Mew as the rarest pokemon in the world but it doesn't show you him. And it also gives you some hints on the game.

This book is really cool, I recomend this book to Pokemon lovers!!! I got the Pokemon game (Blue version) and this book helps me so much. It's very colourful, has a picture of each 150 pokemon, shows the order that the pokemon evolves to and when, ect.... There is only one thing, I don't think Hitmonlee evolves into Hitmonchan.

I love this book! It has some awesome info on all Pok  mon, especialy Pikachu! Also, I love the VERY VERY VERY CUTE pic Pika! Plus, I love the EXTRA BIG (AND I MEAN BIG!) Pics, too! The ONLY ONLY thing I don't like about it is the price! I'm asking these two things though: can you please PLEASE (if you can) make books one for each pok  mon, and (if you can) tell the pok  mon game makers to make pok  mon games for other systems too (super nitendo, playstaion)? I would LOVE that! I am going to become a pok  mon trainer (I'm 12) Thanks!

I don't actually have the book yet but I am sooooo excited for it to arrive. Although most may think it's weird for someone my age to love Pokemon, i think this book is great and it brings back a lot of memories from when i was little and had one just like it.
