I bought this for my daughter so she could have it the day she started her dance class and it was perfect, I think it's now my favorite Little Golden Book! It has beautiful illustrations and an adorable story line, I want to read it every day maybe even a couple times a day lol!

Super cute with sweet illustrations and rhyme. My 2 year old daughter (who loves dress up and all things girly) loves this book. She has fun going through the illustrations of the 5 positions. The positions are not exactly anatomically accurate but are close enough! We read and re-read this book. Then she's off dancing!

This little Golden Book is going together with a fabric ballerina doll as a gift to 2 year old great-granddaughter. I can visualize her snuggling with her dollie and her daddy read the "I'm A

Ballerina" book to her at bedtime.

My ballet-obsessed toddler insisted on reading this book over and over... and over... and over.... and now she has it memorized. It's not a classic Little Golden Book, but the illustrations are adorable and the story is sweet.

My 3 year old girl is currently in an "I'm a ballerina!" phase. This book is simple and cute, and my daughter loves it. It's a short book, so I keep it near her potty where she reads it all the time.

I have collected Little Golden Books for more years than I can count! I am always interested in new ones and this one measures up to any in my collection and I am confident it will withstand the test of time and become a collectible. My adult daughter loves ballet and I will have to either hide this when she comes to visit or purchase a copy for her.

I had to get this for my granddaughter who just turned three and has just starting taking ballet. The minute she saw it, her Dad had to read it to her :) She loves it and so do I! Thanks, Susan

This might be one of my favorite books in my daughter's library. It is just so cute - well written with a beautiful, flowing rhyme, lovely illustrations, and a nice message. 5 stars for sure!
