Customer Reviews

I love this calendar. The writing space is slightly smaller from their normal calendars, but that's because they took more effort in the photo section. I prefer all the princesses in their natural elements vs the special edition calendar where they all look so posed in their gowns. Would buy this again in 2018!The only thing I would change is December, it should be a full page spread for a single princess rather than a collage of numerous princesses. It's fine to do a collage for the 4-month combo of the past year, but doesn't make much sense to do it for December when January-November was so impressively laid out.
