## Synopsis

Keep track of who goes where and when, with MOM'S FAMILY WALL CALENDAR! The perennially bestselling family organizing calendar covers 17 months, so the whole school year is organized. It's been going strong for two decades, with 5 million copies sold. ## Customer Reviews

I love this calendar and have been using it for years. I would be over the moon if this were available in the same layout and format but allowing for a few extra family members. 8 would be ideal. If it required a larger overall size, I it would be worth it. Please consider a Large Family edition.

I have bought this calendar for years and like the format. On the off chance that someone involved in its design ever reads these... we have a six-person family and are forced to double up or try to use the day boxes. You could open those up without losing any meaning by using abbreviations -

"Wed." is still going to be pretty clear! And we'd be grateful for the extra slot for putting in either an extra person or events that affect the whole family!

I love this calendar for our family! I waited too late to get it last year and ended up with something else, which was disappointing. It's easy to use, easy to read, and helps keep families organized! The item came on time and in new condition.

I usually use google calendar with my husband but with nannies and grandparents sometimes watching our kids, having our young kids schedule and doctor appointments on the calendar makes it readable and visible to all. Surprisingly my 3 year old loves helping me make entries in the calendar. It could be the bright pictures and beautiful colors.

If you have a family this is the best calendar EVER. I bought one for my sister years ago and have to get new ones every year because they are so useful. You have columns to track the different family members and they are DARLING

This is my second time ordering this calendar. This is perfect for families. I love that I can write the names of all the family members on the top. It really helps keep my family organized with meetings, work, and appointments.

I buy this every year as the format makes it clear to see who's doing what. Headings are good for a family/group of 5. Pocket is handy for coupons, school papers etc. Really wish it'd go from Jan -Dec not Aug until the following Dec

Love this calendar. Have been using since kids were born and now that we have school age it has been an easy transition. It's a pity that the kids have that much more going on them their father and I and that its out there in display.
