Customer Reviews

My 5 year old has been enamored with Curious George for about 3 years now. We have read and re-read the big Curious George books over and over so when I finally saw these books, I can't even express my level of excitement. All of these CGTV books are an abridged version of a CG television episode. This one is the apple harvest one and it follows the story very precisely. The pictures are great and the writing is pretty good. An absolute hit in our household!

Good story

It was a great book! I was really impressed.
