## Customer Reviews

Cute stickers, but you only get a few. They don't stay stuck very long either. The edges are already rolling up.

I bought it for my 6 years old niece. She just started her ballet classes and we decided also buy some related to ballet stuff for her and these stickers were our choice as a small gift. They are not too small but enough to stick them on any box or a notebook like a reminder about ballet classes. I like to buy a ballet related stuff because my niece decided to become a very good ballet dancer in near future.

I don't know why I didn't double check the dimensions when I originally looked at these but they are tiny. Since it says (Dover Little activity books) I imagined that this was an activity sticker book much

like the sticker stories but instead I got a tiny book of stickers.

They are beautiful the ballerina stickers. I thought it came with multiple pages but only has two pages of stickers and the book itself is the size of my hand.

I bought these for my daughter to add to a small gift I was giving her for after her dance recital. Since she's allergic to flowers, so a ballerina themed gift bag seemed a good alternative, and these stickers were so beautiful. With their glittery surface, she'll enjoy adding them to craft projects. Can't beat the price for their worth!

I know these are only stickers but they're utterly beautiful! I thought they would have heavy glitter but I was happy to find the glitter was not to dark, It just gave them a dreamy little glow. They're are only 2 pages of stickers, so might want to buy more than one. the positions shown on the front are the same as inside + more positions, all en pointe. the ballerinas faces are very clear and sharp, which I happily surprised to see. the stickers are bordered in white but if you're using white stationary its fine, otherwise just trim it.

My daughter loved these. But stickers never seem to last in my house. Once I purchase them, they are gone pretty quickly. She really liked that these were ballerinas. They were purchased as a gift for her ballet recital.

This product is as described however the glitter seems to be glued-on and almost too thick ??!! It makes the stickers look a little cheap and there are not many in each book. So not worth the money
