Customer Reviews

One of the newest Pinkalicious books, this story has Pinkalicious going to dance class and ending up in the wrong class! Once you overlook the fact that Pinkalicious' mom should have probably walked her into dance class the first time, it's sort of entertaining to see her end up in the wrong class and the hijinx that ensue. Pinkalicious has some natural talent when it comes to dance (who knew?) and did pretty well trying to keep up with the more experienced dancers. The dance theme of this book suits Pinkalicious well and my preschooler, my toddler and I really enjoyed it.

Excellent story and vocabulary. My three year old granddaughter loves these books.m we will be adding more to her library. My granddaughter asks me to read it to her because she says she can not read yet.

My kid loves these books, so he had to grab this one as soon as he saw it was on Overdrive.Riley's review:I liked that she did good even though they were in a hard class. I didn't like that nobody would listen to her. I liked the ballet dancing, but it looks a little bit hard. I could do that, but I don't want to go to ballet class.

Perfect book for a budding ballerina . My granddaughter loves Pinkalicious books and this one is a favorite. I highly recommend it.

An all time favorite of granddaughter. great books, prices, shipping

I sincerely dislike Pinkalicious books. No learning, no morals. Not even entertaining. These are thoroughly boring books that my children love only because I detest them. There is fun in that, I guess. But even that grows old.

Very cute book my daughter loves ballet and loved it. She's starting to learn now so good short bedtime for her

What can I say, arrived in perfect condition. Gave it to my Granddaughter as a gift.
