This wasn't what I expected. I thought "The Big Book of Ninja Turtles" would include some back story about how the turtles ended up as ninjas. Nope. Many of the pages were exact duplicates of "Enter the Lair". This book does go over more of the villains in detail. I really wish we had gotten this one first instead. If you are looking for something to introduce your little one to the history of the TMNT get "The Green Team" instead (even if he or she isn't reading). It was exactly what I wanted and wasn't too long for me to read to my 4 year old.

Absolutely the BEST book for any toddler/kid into TMNJ. This book is the definitive source for all the characters and how they are involved in the plot of the tv series on Nick. I learned so much as a parent and can now understand what my 5 year old son is referring to everything he talks about the show. Its also a rather long book, and a large book...hardcover and full of pictures and excellent, easy to read text that is perfect for ages 4+. Excellent value

I expected more from this book. It's nice and big and colorful, but really it's just large pages identifying the different characters. Each person has their own page. It doesn't really tell a story or anything.

The book was a good read for my nephew who is a big fan of ninja turtles. I liked the fact that it contained pictures and information of some of the characters.

This is a little advanced for a preschooler but my son loves it anyway!

Great book with tons of fun character facts that my 3 year old loves!

My grandson has this book read to him every night. A great book!

It was perfect for what I needed it for! Thank you!
