Age Range: 2 - 4 years

Grade Level: Preschool - 7

Customer Reviews

My son is only 8 months old and he has been enjoying this book for a long time. The sheep puppet gets his attention and keeps it (not an easy thing to do with most other books at this age).

This is a darling little book that is great for a small baby, but even a toddler will enjoy it. The little lamb finger puppet is poking through the book and the reader can move it around and have it talk to the child and act out the words in the book, to an extent. My 18 month old just loves to push the lamb's head back through the book and then have me "surprize" him by popping the head back through quickly. He thinks that is funny!

My favorite part about this cardboard book is the little finger puppet stuck in the middle of every page! It's a perfect board book for a 2-3, even 4-year-old as it's also strengthening fine motor muscles!

These books are absolutely FABULOUS! I bought this one for my daughters easter basket and I'm so glad I did. She has asked me to read it over and over again! The stories are one to two sentences per page, so perfect for toddler age. She actually has them memorized and reads along with me! I am now in search of the rest of the collection! I'm thinking The Little Ladybug will be our next book! DEFINATELY RECOMMEND!!!!

I bought a book like this for my grandson when he was little and he loved it, he's now 21 years old. My best friend for 60 years just had her first grandchild and I bought this for her, she's now three, and she loves it. It gives a child the ability to pretend themselves.

The story is really unimaginative. Sure, it's supposed to be for babies, but I come up with a way more interesting storyline for my daughter than what is in this book, all while still using very simple words and 4-word sentences. But my nearly-two-year-old daughter loves the puppet (got this book when she was 14 months and loved it then, too).

It was such fun reading this to my grandchildren and making the little finger puppet animate as you moved it in relation to the story. The added plus is that the puppet is attached and therefor it doesn't get lost.

This is a great book to keep little ones entertained! It's the perfect size for small hands and is easy to pack in any diaper bag. There are lots of different titles to choose from, so you will definitely want to buy more than one!
