Synopsis

Sometimes you get so busy with homework, friends, sports, hobbies, family, and more, that you just need a little time to relax -- and recharge! Use this book to get your mind, body, and spirit back in balance. You'll find page after page of activities, tips, treatments, and tear-outs to put you on a pampering path that will have you refreshed, rejuvenated, and ready for whatever comes your way. I purchased this as a gift for my niece. It is a very nice spiral bound book with sturdy high gloss pages. This book is full of fun ideas for spa and relaxation activities, quizzes, crafts and more. It even comes with posters and punch outs. This book has everything from recipes to make lip balms and bath bombs, food, infused water, yoga exercises, journaling ideas and more. This is a great gift for tweens and early teenage girls. It makes for great sleepover or mother /daughter , Auntie dates. I

am very impressed with the quality of this book.

This is not a typical lavender scent. It's totally unique. My kids adore it too.

I did not order these so I threw them out

Amazing price
