Black Sabbath: Pioneers Of Heavy Metal (Rebels Of Rock (Paperback))

Synopsis

Black Sabbath, the band that created heavy-metal music, could not envision making rock history when the band formed in Birmingham, England, in the late 1960s. Back then, the poor and working-class young men of Black Sabbath were hoping to simply make a living playing music so that they could escape a life confined to boring factory work. Black Sabbath's journey from Birmingham to the big time is a remarkable story of highs and lows, of fallout and reconciliation. Their music and their aggressive, rebellious nature have inspired and influenced countless bands in a number of rock genres, from hard rock and heavy metal to punk to rap.

Book Information

Series: Rebels of Rock (Paperback)

Paperback: 112 pages

Publisher: Enslow Publishers (September 1, 2010)

Average Customer Review: 5.0 out of 5 stars See all reviews (1 customer review)

Best Sellers Rank: #3,847,838 in Books (See Top 100 in Books) #94 in Books > Children's Books > Arts, Music & Photography > Music > Rock #848 in Books > Children's Books > Biographies > Musical

Age Range: 11 - 14 years

Grade Level: 5 - 9

Customer Reviews

As one of those who grew up from my mid-teens with Led Zeppelin, Deep Purple and Black Sabbath, I personally witnessed the evolution of rock to hard rock and then heavy metal. As a devoted fan of Sabbath since the tender age of 15 (I used to fall asleep to mixtapes of Sabbath LPs in High School, much to my father's surprise) I have read every book I could get my hands on (including one of the first books seriously addressing the topic: Chris Welch's "Black Sabbath", originally published by Proteus Books in 1982), as well as various interviews and documentaries. I even wrote a paper for a college English class in 1983 entitled "Black Sabbath: Light in the Darkness" refuting the then-prevalent belief that the music of Black Sabbath espoused worship of

The Devil. I found Mr. Aberback's book a pithy, easy read. Well researched and fact-filled, it is clear that the author has paid an effective and loving homage to the progenitors of the musical style which we know now as Heavy Metal. For anyone who wishes a concise, yet essential guide to understanding the true essence and evolution of Black Sabbath, I can recommend no better place to start than with this book.
