Mini House: Old MacDonald's Barn (Mini House Book)

Synopsis

It's time for everyone's favorite barnyard sing-along with Old MacDonald's Barn. Join in the foot-stomping fun! Colorful, chunky, irresistible. Peter Lippman's bestselling Mini-House series is a hit with kids and adults alike. You pick one up. You hold it. You turn it around. You peer inside the windows, and then you pop the latch, opening the door to the story-and to a child's imagination. Selection of the Children's Book-of-the-Month Club.

Age Range: 1 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

I have a very old version of a Mini House Book that has gone thru 4 grand children. The book has been tapes, glued and repaired many times. We now have a new Grand Daughter who at 1 year old has taken to laying on her stomach and examining page by page various books. We decided that it was time to replace the old book with new ones. She loves the new ones but continues to go back to each one. Hope these books last for 12 more years.

Don't care much for the text, but our toddler liked the novelty of it (good for car trips). But not well bound on the side (opposite side from the pig looking out of the window). So if you don't have a very gentle child, this won't last long at all.[We also use it for playing farm with our lego, etc.]

This is a really cute book, and my toddler loved it ... for the 90 seconds that it stayed together. As with other reviewers, I found this book to be very poorly made. It came unbound almost immediately.

The series of Mini House Books authored by Peter Lippman are wonderfully creative and fun for children. The treat is not so much the content as the format or "shape" of the book -- each page is made of thick cardboard and is shaped differently so that the book is 3-dimensional. They are very sturdy and virtually indestructable with children even younger than 4. I give these to all of my friends as shower gifts -- always with the same response -- these are so cute! I recommend you start a collection of your own.

I bought 4 of these books; 3 Pigs Garage, Mother Gooses Nursery Rhymes, Old MacDonalds Farm and Noah's Ark. We love them all. The colors are great, the story is interesting in each and they keep my son intrigued. Highly recommend. We saw a couple in the stores locally and saw the added offerings on , glad we purchased all of them.

My daughter loves these little books! All the mini house books are sturdy and well-made, and are fun for toddlers. Would love to own them all!

As far as board books go, this one gets an extra star for creativity. It's not square! But, the pages are a bit awkward, and the story less fun than the physical shape of the book.
