I wish I could give The Opposite Zoo 10 stars. There is a mystical, child-like quality to this picture book that is incredibly difficult to achieve. If anyone remembers spin art from fairs and amusement parks during the 70's-it has that bright, helter skelter, original quality but in a professional manner. Each page is a glorious wonder. Bravo!

I like the other Il Sung Na books but this is boring and same old same old with opposites. Not worth the money! Would have returned if I made it to the computer by the return window!

Beautiful pictures illustrate the tour of the "opposite zoo". We get to see large,small,quiet loud and many other combinations of animals. Great book.

It was just OK, not great. Another way to tell the opposite than a picture, touch, smell...
