## Customer Reviews

You won't find any quilt patterns in this calendar. What you will find are pictures that have quilts in them. 12" x 12" photos show wonderful scenes each of which has a quilt somewhere in it. The calendar has large squares to keep track of your busy schedule. Each painting is shown at the top and the bottom has a nice sized square for each day of the month. There are also month before and month after calendars, along with one square containing information about the painting. Painter or quilter, you can enjoy this useful calendar all year long. I am even thinking of framing the photos to hang in my sewing room.

This is the beautiful art that we expect from Ms. Phelan but the print quality of this calendar is not that great. Hope next year's will be better. I'll probably try and get a look at it in a brick and mortar before purchasing. Paper quality is good but the printing is not so good. I'm giving it a 3 based largely on the art and paper. If I was just rating the printing, I'd go with 1 star.

I love Diane Phalen's scenery with quilts artwork. I have her calendar hanging up by my desk at

work. I love looking at the calendar scenes at random moments during my busy day and take a couple moments to escape.
