The Ten Thousand Year Calendar (Pocket Edition)

Synopsis

Joey Yap's Pocket Edition of the Ten Thousand Year Calendar has all the information of the regular Ten Thousand Year Calendar, but in a handy, portable pocket-sized format! The Ten Thousand Year Calendar, also known as the Wan Nian Li, is one of the most-commonly used reference books by students, consultants, and practitioners of all branches of Chinese Metaphysics. Joey Yap's Ten Thousand Year Calendar provides the Gregorian (Western) dates in both the Chinese Solar and Lunar formats. It also displays the information in both Chinese and English for greater convenience. Some of the highlights of the Ten Thousand Year Calendar (Pocket Edition):

- First Ever Bilingual Xia Calendar in Chinese and English
- Chinese Solar, Lunar, and Western Gregorian Calendar
- Comprehensive References for Feng Shui, Chinese Astrology, and Yi Jing - such as Zi Wei Dou Shu (Purple Star) Astrology Reference Charts, BaZi (Four Pillars of Destiny) Heavenly Stems and Earthly Branches
- Xuan Kong Nine Palace Flying Star Charts for all 9 Periods
- Yearly, Monthly, and Daily Flying Stars Charts
- Quick Reference Charts for Advanced Water Feng Shui Formulas

This is an essential text for all students and practitioners of Feng Shui and Chinese Astrology.

Customer Reviews

A comprehensive book with a lot of information about different branches of Chinese Metaphysics. I'm a student in Bazi and the main reason I purchased this book was to find the accurate transition dates for each year. Bazi uses solar calendar system and the transition date for the months vary. When it

varies it's usually +1 or -1 day. My only complaint is I can't seem to find the transition dates for every month. There is an example explained on how to find the correct month. On page 55 it is stated that all transition dates for the months of the Solar calendar system are highlighted. I checked different pages, so different years. None of the transition dates are highlighted. This was the main reason I purchased this book. So basically it's a waste of money for me. This book is a product that is made on mass production, so this would mean that no Bazi practitioner can use this book to check for the accurate transition date of the Bazi months.

This Book Meets All Of My Expectations. This Author always has easy to understand language and this book is no exception. This book is a must for construction of Bazi Charts, Feng Shui, Qi Men Dun Jia, and of course Date Selection.
