Customer Reviews

These five books by Judy Blume are so awesome. Now that I have an 11-year-old it's high time that I revisited these books that I loved reading as a kid, and both of us dearly loved the experience. The books are: *Tales Of A Fourth Grade Nothing*, *Otherwise Known As Sheila The Great*, *Superfudge*, *Fudge-a-mania*, *Double Fudge*. Each book is a precious artifact, a treasure of written perfection, and each character lives on and on, always larger than life (it's hardly ever like this - how many books do you read where not even one single character is interesting?); this applies not just to the main protagonists Peter and Farley Drexel "Fudge" Hatcher either, as you really find yourself caring about long-lost cousin Howie (or "the Howies" as his whole family is called - this includes another Farley Drexel Hatcher, in this case nicknamed "Mini", and the twin girls Flora and Fauna), about newborn Tootsie, even about the hapless mynah bird Uncle Feather (great name). Oh Lord

yeah!!The first two books are not really about Fudge at all, and are the more serious ones. The first one focuses on Peter Hatcher, about his problems dealing with his little three-year-old brother and eventually the fate of his pet turtle (an infamous episode in children's literature if there ever was one), while the second book opens the lid on the complex life of Sheila The Great, who's not as confident as her blustery character would lead you to believe. The later three books are mainly about Fudge and are highly episodic, lacking Blume's characteristic take on the hard issues of childhood that can be found in her other books (and which appear in mild forms in the first two in this series); these books show Fudge between the ages of five and six.
