## Customer Reviews

My grandson loves this. I figured a big Thomas coloring book would not have as many pages as this one does. I love that most of the pages are of Thomas himself, not just a few as seems so common. Perfect for little fingers. Two thumbs WAY up!!!

This and the other jumbo Thomas coloring book are great. The pages are perforated so you can pull them out to color individually or leave it in to color with the whole book. Lots of pages and keeps my son very happy.

Pretty pricey for a coloring book...but...Lots of pages that easily tear outDifferent stories about Thomas and his friends to read as they are coloredStickersBig enough for little ones to recognize and color the train charactersSo success!

The pictures are a bit more detailed than i had expected. As a result, I would order it for an older kid (4-5+ probably).

This large coloring book made the perfect birthday gift for a three year old. He has older brothers and his mother told me that he uses it as a workbook while his brothers do their homework. I was also pleasantly surprised by the value.

My son loves this coloring book. There are multiple stories in it, and the quality of the pictures and paper is great. Easy to tear out without ripping the page. Best coloring book ever.

My Thomas lover loves coloring all the blue Thomases. Nice big and thick and plenty of pages. We don't like coloring books that have too many word activities and this doesn't.

I am sure when they say jumbo it refers to the thickness because the book's size is pretty standard. But our friend's boy was very happy with it.
