Customer Reviews

My 6 y/o son watches Mighty Machines All the time and loves it but this book was almost like an owners manuel. Not a fun kid friendly book at all my son nor me was impressed. I should have paid attention to the other reviews but didnt!,

Lots of pictures of bulldozers and technical information so if your kid likes these diggers, it's a good buy. Kids too little to understand the words can "discuss" the photos.

2 yo boy loves this book, worth the buy. Good pictures of many types of bulldozers - got a kid that likes trucks get this

My grandsons adore this book.
