Customer Reviews

My boys received two of these books a year ago as a birthday gift, and now we own them all! They are in our nightly reading rotation of books. Very informative, and the pictures are great! They even offer a bonus of stickers on the first page!

My 6 yo loves dirt bikes. Like, he's been obsessed since he was 6 months old. I'm not kidding. He now has his own KTM mini adventure so how could he not read about more two-wheeled vehicles, right? At least he's reading, sigh! Funny thing is he'll ask me to skip the moped pages, Lol!

My 5 yr. old great nephew really loves motorcycles and really enjoys this book. He is able to sound out the words and read the book himself for the most part. It's a keeper.

This book is great for kids who love motorcycles. Lots of action shots and STICKERS!! Need I say more? It is pretty simple but perfect for my 2 year old and probably even kids a few years older.

Worth the price; however did not keep the attention of our 2 yr old. Our son has a motorcycle, and our grandson loves motorcycle everything. The book was just okay for us.

My 2.5 year old loves motorcycles. He loves this book too. This is his favorite book right now and he highly recommends it.

My four-year old wants this book read every night at bedtime...
