## Customer Reviews

I was a little disappointed with this purchase. It doesn't have picture's of the items you are searching for, only a word description. This would make it very hard for any younger kids. Plus I don't think the items themselves were very clear or easy to find.

Very disappointing in that there were no pictures for the picture search, only words. Shame on me for not checking the reviews. There should be an example to look at. My 5 year old cannot read nor know what the picture is she is looking for and many pages are extremely difficult even for adults. The age appropriateness for this should be 7+.

I was disappointed because this book doesn't have pictures of the objects that you are looking for like the Highlights Magazine does. My five-year-old can't read the long lists of items to look for.
