## Customer Reviews

"Let's Find pokemon! 3" has a lot of great and new pokemon in it. I am a young person of 13 and would like all pokemon fans to know that Kazunori has done it again! If you like pokemon, then you will like to find your favorites in this wonderful book as well as some not yet seen. It is a must for all pokemon trainers like myself. I think the book is the best yet and hope that you will find it a great addition to your collection! I give the book an A+ for all the work Kazunori has done to expand the pokemon legend! I hope he makes more of the pokemon series books like this one which I will be sure to buy! This author is a real genius of imagination which will not disappoint the pokemon fan.

You do not have to follow what the book says to look for because there is the full 150 original pokemon on the page. Have fun and look for your favorites too! My fiancee and I played: Look for the Raichus.

Great!
