Customer Reviews

Daily diary/journal/planner, similar to the standard Moleskine daily planner, in a nifty Star Wars white cover. "Pocket" sized: that's roughly 3.5 inches x 5.5 inches, a little bigger than a standard index card. If you've used previous Moleskine dailies, you won't be surprised. If this is new to you, it might help you to look up (on) the ordinary pocket-sized hardcover Moleskine 2015 diary for pictures of the interior pages, to see what you're getting. Excruciating detail follows for those who prefer to read: Basically it's 1 page for each day from January 1 through December 31. Each page has 19 useful lines with a bit of a margin at top. Printed on the left edge of each page are times, one hour per line, "8" through "20" (because Imperial Stormtroopers don't make appointments before 8, and like to use "13" etc. instead of "1 p.m." etc.), followed by four blank lines, followed by a line with a cloud icon and a line with a thermometer icon (because Imperial Stormtroopers need to know the weather). These appointment times aren't listed on Sunday pages in the diary (because Imperial

Stormtroopers get Sundays off). If the appointment times and icons aren't the troops you're looking for in a daily calendar, the printing is small enough and faint enough to be easily ignored. Quarterly that's-no-moon! phases are noted on the appropriate day. Front reference pages include 2015 and 2016 quick-glance calendars, with room to make only very brief notes. Too small to be useful, in my opinion, and every year I've used a Moleskine planner, I've happily ignored this space. Gratuitous 5 or 6 reference pages for things like travel itinerary (again, for me, too brief), time zones, flight durations, international sizes, etc.
