## Customer Reviews

It is a real shame that there isn't more merchandise available for the USWNT. I know many kids that would LOVE to have wall posters of these calendar pages. This is a very nice wall calendar with high quality printing on heavy glossy paper. All pictures are from before the 2015 World Cup, so jerseys only have 2 stars on them. It features a single player for each month, with backgrounds behind the player replaced with a nice subtle semi-abstract USA soccer logo. Players are in either white uniforms with collars or the newer blue away uniforms.

The following stats are listed for each player: name, position, pro team, home town, birthday, first cap, first goal, twitter account, interesting fact. Each player's picture spans the top page onto the bottom month page, so if you wanted to save pictures for later use, you either have to just use the top page and not see the feet/ball or use part of another page and have a seam (and not be able to display the player on the other side of that page).

The images of the team do not represent the beauty of each player properly. It looks like the manufacturer did not pay for quality images or collect enough images to choose good ones. Furthermore the compositing onto the background is poor quality with halos and jagged edges. I have done a better job of compositing for my AYSO coach's gifts and my kids yearbooks. Two stars for the daily reminder of the greatness of the team and the facts on the pages, but not likely to look at it much because of the poor quality images. Nice idea- poor execution.

Granddaughter LOVE her calendar Loves that each month provides info about each of the team members.

My 9 yr niece loved it!!!
