# Numbers - Flash Cards: 56 Word And Number Cards, With Learning Tips

## Synopsis

The laminated flashcards in this pack are ideal for teachers, parents, and caregivers to teach the numbers 0 to 50 to children aged 3 and up, and to teach sums to young school children. The cards have the number on one side and the word on the other. The plus, minus, multiply, divide, and equals signs are included. Notes provide handy suggestions for a variety of games and activities with the cards.

Age Range: 3 and up

Grade Level: Preschool and up

## Customer Reviews

somehow, when this stated that the cards were by Alain Gree, the illustrator, I expected to see...well...illustrations. No. They are as described, with literally the word on one side and number on the other. I wish it hadn't been branded in such a way, as I was looking for something that would have some pictures on it to keep the interest of my toddlers. Nice cardstock, that's for sure, but not very exciting. Ho hum. Now I have to look for another set, one that I think my kids will actually use.
