Customer Reviews

This book have lots of nice artworks and diagrams in every page. Contents is very easy to follow. It teaches about rules, simple plans and tactics. A good starting point for an absolute beginners both kids and adult.

First found this book in the children section of the public library. This is a must for the absolute and should have also been in the adult section of the library. I wanted a permanent copy of my personal library.

I learned basic chess strategy from this book a long time ago. I gave my copy away. This copy was to give to another young man. It's still a great beginner book.

NICE LITTLE BOOK WITH MANY GOOD TIPS WHETHER NEW TO CHESS OR JUST STARTING. CLEAR COLORFUL ILLUSTRATIONS.
