## Customer Reviews

I'm alright with the diaries being in third person, I was just confused for a bit there. Besides that, your books are great! However, I wish this book and some of your other books could have something to do with minecraft. They do not mention tools, blocks, most of these are set i the future, and the character mentions nothing about it. You could call the ones that dont have anything to do with minecraft short storys, and call the ones that have something to do with minecraft minecraft books. But still, your books are so creative and amazing!! Good luck with the big book!

It was fun, not too minecrafty, and it has a good life lesson.
